

Mobilgear™ 600 XP Series

Extra high-performance gear oils

Energy lives here

Today's smaller gearboxes with higher power density create greater demands on lubricants. That's why Mobilgear™ 600 XP Series oils are formulated to offer exceptional extreme-pressure and load-carrying properties. These capabilities can help:

- Minimize unplanned equipment and maintenance downtime
- Boost productivity through trouble-free operation
- Limit repair and replacement costs

Key benefits

Helps limit equipment replacement costs through exceptional protection against wear and micropitting

Long bearing life can help boost productivity by limiting maintenance downtime and minimizing bearing replacement costs

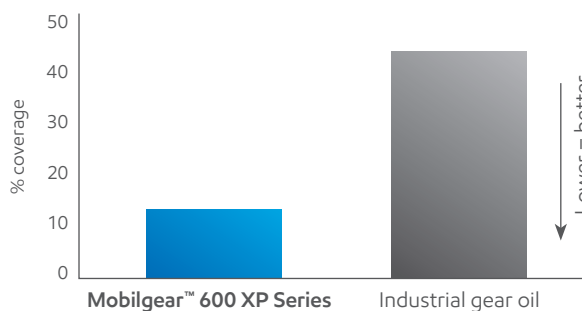

Helps minimize leaks, oil consumption and contamination through excellent seal compatibility

Micropitting protection

In controlled laboratory testing illustrating micropitting formation on gear teeth, Mobilgear 600 XP Series oils provided outstanding protection compared to generic oils. This capability can help enhance equipment life to save you repair and replacement costs.

Average micropitting on gear teeth

15x

the industry requirement for wear protection*

Meets or exceeds the requirements of:

- AGMA 9005-EO2
- DIN 51517-3: 2009-06
- ISO 12925

Builder approvals†

- SIEMENS AG Flender gear units, T 7300, Table A-a, Flender Code No.
- SIEMENS AG Flender gear units, T 7300, Table E-am, Flender Code No.
- Mueller Weingarten DT 55 005

*As measured by the industry standard FAG FE 8 test

†See Product Data Sheet (PDS) at mobilindustrial.com for which oils have these approvals

Industrial Lubricants

Advancing Productivity™

Safety

Through long lubricant life, enhanced gearbox cleanliness and optimized equipment reliability, Mobilgear™ 600 XP Series oils minimize the need for maintenance and the safety risks associated with employee-equipment interaction.

Environmental Care†

Long drain intervals and enhanced gear and bearing life help reduce the need for waste disposal, which can help your operation minimize its environmental footprint.

Productivity

By optimizing equipment reliability and availability, Mobilgear 600 XP Series oils are formulated to help you achieve peak productivity.

*Typical properties are typical of those obtained with normal production tolerance and do not constitute a specification. Variations that do not affect product performance are to be expected during normal manufacture and at different blending locations.
